Celebrating 125 Years Of Excellence!

125 YEARS 1886-2011

GAF is—by far—North America's largest manufacturer of residential and commercial roofing products (approaching $3 billion in annual sales). Here are just some of the reasons why GAF is your best and safest choice!

Advanced Quality

Professional installers have long preferred the rugged, dependable performance that only a GAF roof can offer, and have made our Advanced Protection™ shingles the #1 brand in North America!

- Inventors of the **Timberline®** Advanced Protection™ shingle — the #1-selling shingle in North America
- Rated **#1** in shingle quality by contractors and home builders
- Named **#1 in innovation** for shingles and ridge ventilation by **home builders**
- Named **most-recommended** brand by upscale remodelers
- First to pass ASTM D3161 Class F (110 mph) and ASTM D7158 Class H (150 mph) wind ratings on every manufactured shingle (per UL public listing)
- First to produce an energy-efficient asphalt shingle available in rich colors, called the **Cool Color** Series (now called Timberline® Cool Series)

Expertise You Can Count On

We've been at this for 125 years. Why turn to anyone else to protect your most valuable asset?

- Manufacturing locations **across North America** — to serve you better
- C.A.R.E. installation training program that has provided education to over **100,000 industry professionals**
- Regularly sought out to appear in leading **home and garden** publications and on home improvement networks such as **HGTV**

Solutions Made Simple

Getting a new roof shouldn't be an exercise in pain and frustration. So we've made it easy!

- Our **Weather Stopper® Roofing System** includes everything you need to provide reliable, water-tight protection for your home
- Our factory-certified contractors—more than **4,000 strong nationwide**—eliminate the risk that your roof will be installed by some fly-by-night contractor
- Our industry-leading warranties—**backed by North America's largest roofing manufacturer**—will provide you with the peace of mind you deserve

The bottom line is: More than 1 out of every 3 property owners choose GAF for their roofing project—why trust your most valuable asset to anyone else?

GAF®

Quality You Can Trust…from North America's Largest Roofing Manufacturer!™

Choosing **The Right** Shingle

When looking for a new roof, rest assured you've come to the right place. Not only because most GAF shingles now offer a Lifetime Ltd. Warranty for peace of mind, but because you're almost certain to find the right combination of style, color, and price to suit your taste.

Genuine Slate Roofing

For those who want the very best, TruSlate™ can make your dream of owning a genuine slate roof a reality. And because of our patented installation method, TruSlate™ is just a fraction of the cost of old-fashioned slate!

PAGES 4-5

$$$$+

Designer Lifetime Shingles

GAF's Designer Lifetime shingles are our top-of-the-line asphalt shingles. They offer a wide array of styles and colors to complement your home and to suit virtually any taste. And you have two categories to choose from, depending on your budget: the Ultra-Premium Collection and the Value Collection.

PAGES 6-17

$$$-$$$$

Timberline® Lifetime Shingles

Timberline® shingles are the #1-selling shingles in North America. They offer the very best combination of performance and value that you can get for your home. Choose from High Definition® or Natural Shadow™ color blends.

PAGES 18-23

$$-$$$

Specialty Lifetime Shingles

GAF offers shingles for special situations, including our Cool Series Shingles, which are ENERGY STAR® qualified, and our ArmorShield II™ shingles, which are Class IV impact resistant.

SMART CHOICE® LTD. WARRANTY
Lifetime
LTD. WARRANTY TERM

for PROPERTY OWNERS

- Genuine Slate... TruSlate™ is genuine, hand-split quarried slate—not a synthetic imitation.
- Stunningly Beautiful... Truly differentiate your property and increase curb appeal with TruSlate's rich color palette.
- Stays In Place... High performance TruGrip™ System helps ensure that the TruSlate™ system stays in place and reduces the risk of blow-off.
- Affordably Priced... A TruSlate™ roof is often comparable to the price of an imitation "slate" roof.
- Ingeniously Designed... The TruSlate™ system typically eliminates the expensive structural modifications that old-fashioned slate roofs require.
- Peace Of Mind... Lifetime ltd. transferable warranty with Smart Choice® Protection (non-prorated replacement material and installation labor coverage) for the first twenty years available. Product must be installed by a GAF SlateCrafter™ Specialist.*

for PROFESSIONALS

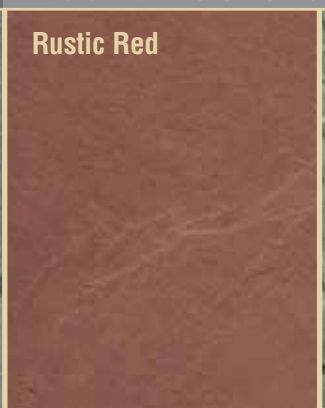

- Easy To Install... If you can install asphalt shingles, you can install the TruSlate™ system with only minimal training.
- Complete System Available... Includes TruSlate™ Field & Trim Slates, TruSlate™ Ridge Vent, UnderBlock™ UV & Moisture Barrier, TruGrip™ Battens & Hangers, Lay-Straight™ Alignment Tape, GAF Leak Barrier, and GAF Roof Deck Protection.
- More Referrals... Wait 'til the neighbors see the beautiful slate roof you've installed!

*See ltd. warranty for complete coverage and restrictions.

Note: Due to the inherent variability in natural slate (as well as the limitations of the commercial printing process), the actual color and texture of your TruSlate™ roof will vary from that shown in this catalog.

GAF

Lifetime Designer Shingles

Transform Your Home With GAF's Lifetime Designer Shingles!

Maximizing your property's "visual appeal" with a Lifetime Designer Shingle from GAF can be exciting, fun—and a smart investment.

Designer Style...

Whatever your preference, GAF's Lifetime Designer Shingles have become "the choice" of discerning property owners, designers, and architects. Our wide range of design choices includes shingles that emulate the rich look of natural materials like wood, slate, and stone.

Peace Of Mind...

GAF's Lifetime Designer Shingles far exceed industry performance standards—so it's no surprise that they include exceptional warranty protection. Every GAF Lifetime Designer Shingle is backed by a lifetime ltd. warranty, plus Smart Choice® protection (non-prorated material and installation labor coverage) for the first ten years and 130 mph wind coverage.*

Two Options To Fit Your Budget...

- **Ultra-Premium Collection** - Gives you the thickest, most dimensional look for your roof.
- **Value Collection** - Gives you a designer look for just pennies-a-day more than a standard architectural shingle.

All Of GAF's Lifetime Designer Shingles Offer You These Great Benefits:

- **Affordable Luxury...** GAF Lifetime Designer shingles are only a fraction of the cost of traditional slate or expensive wood shakes

- **Sophisticated Designs...** Artisan-crafted shapes combined with oversized tabs and dimensional designs result in a sophisticated beauty unmatched by typical shingles
- **Natural Color Palettes...** Specially-formulated color palettes are designed to accentuate each shingle's natural appeal
- **High Performance...** Designed with Advanced Protection™ technology, which minimizes the use of natural resources while providing superior protection for your home (visit www.gaf.com/aps to learn more)

- **StainGuard® Protection...** Helps assure the beauty of your roof against unsightly blue-green algae**

- **Safer...** Class A fire listing from Underwriters Laboratories—the highest rating possible—and safer than wood shakes or some plastic/synthetic shingles, which carry only a Class C fire rating!
- **Stays In Place...** Dura Grip® adhesive seals each shingle tightly and reduces the risk of shingle blow-off. Shingles warranted to withstand winds up to 130 mph!†
- **The Ultimate Peace Of Mind...** Lifetime ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first ten years*
- **Perfect Finishing Touch...** For the best look, use premium Timbertex® ridge cap shingles with StainGuard® protection. In the West, use Ridglass® ridge cap shingles.

*See ltd. warranty for complete coverage and restrictions. The word "lifetime" means for as long as the original owner (or second owner, if the warranty was properly transferred during the Smart Choice® protection period) owns the property where the shingles were installed. This wind coverage requires special installation.

**All Designer shingles have StainGuard® protection except for Grand Sequoia® shingles produced in our Fontana, CA plant. Look for the StainGuard® logo on your shingle package to determine whether your shingles have this feature.

†This wind coverage requires special installation. See ltd. warranty for details.

Note: *It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.*

TIMBERLINE®

LIFETIME HIGH DEFINITION® SHINGLES

"There's nothing quite like a genuine **Timberline® High Definition®** roof!"

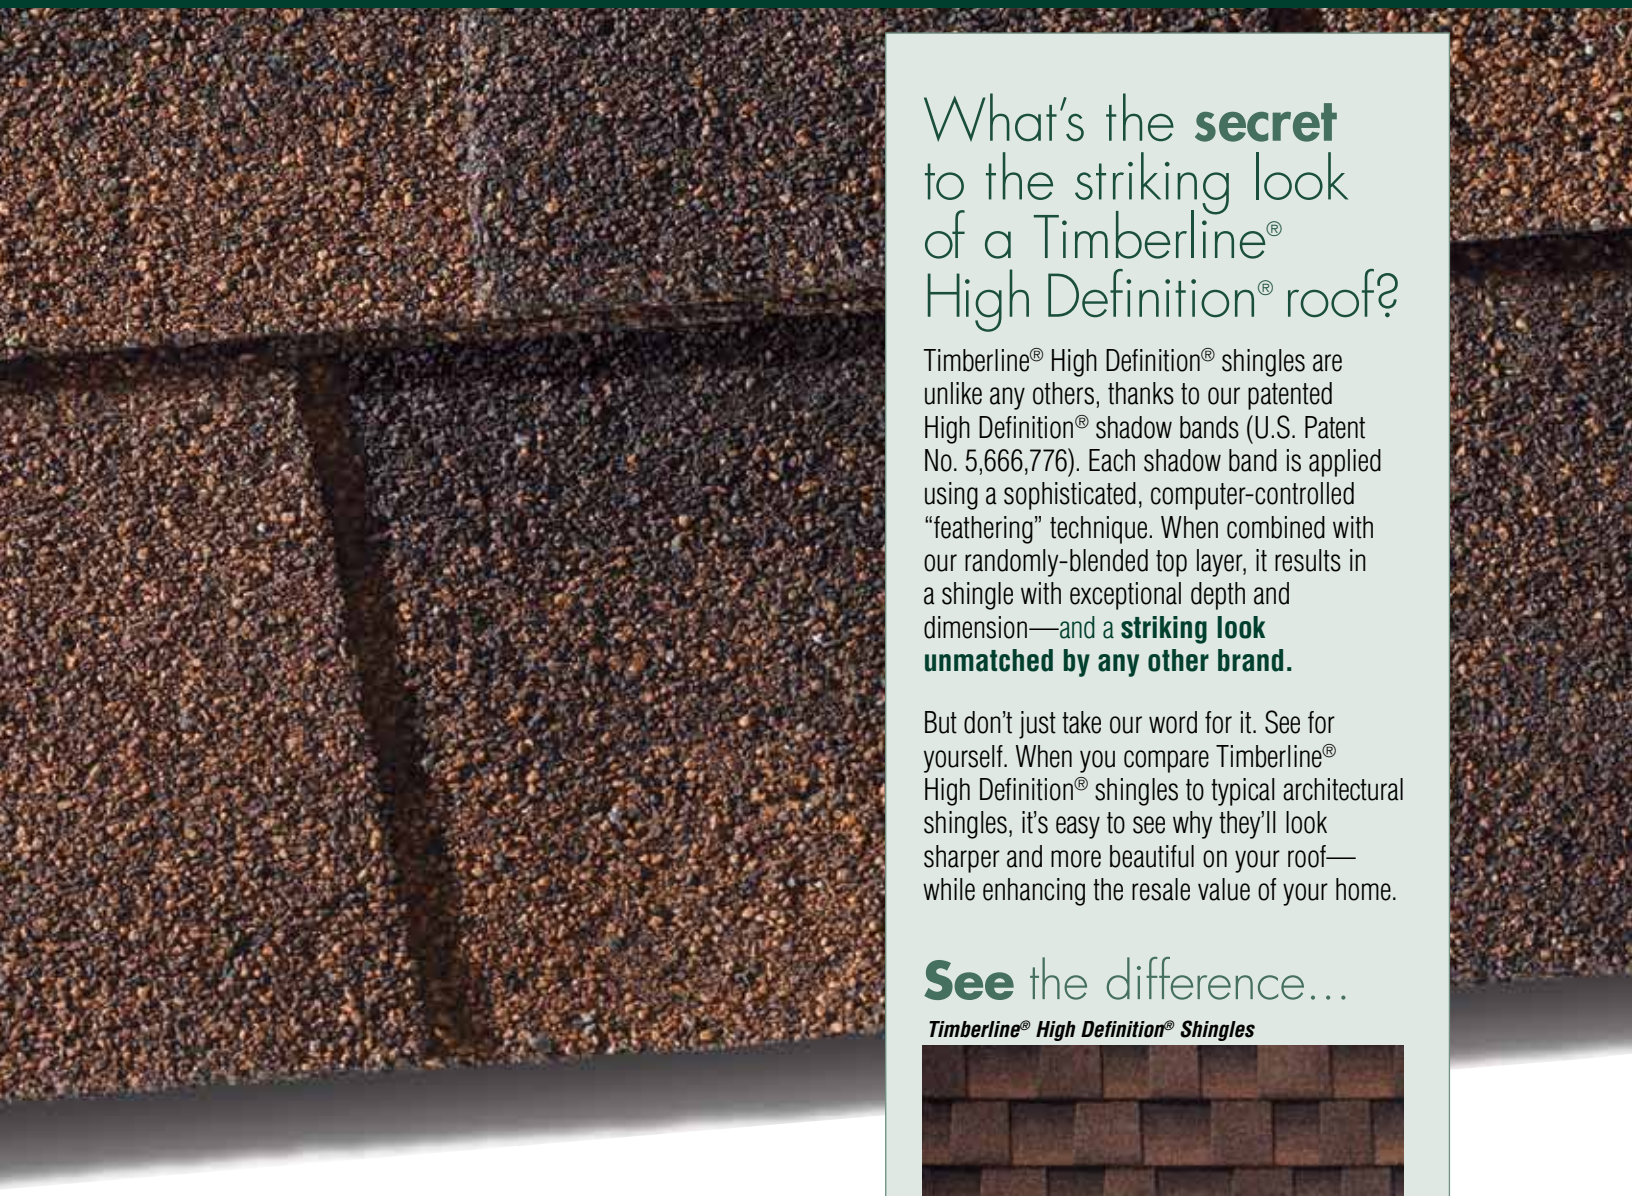

Your roof can represent **40% or more** of your home's "curb appeal." Now, you can improve its resale value with Timberline® High Definition® shingles from GAF.

Timberline® shingles with Advanced Protection™ technology are the **#1-selling shingles** in all of North America. Professional installers have long preferred the rugged, dependable performance that only a Timberline® roof can offer.

ADVANCED PROTECTION SHINGLES

"North America's #1-Selling Shingle!"

SMART CHOICE® LTD. WARRANTY
Lifetime
LTD. WARRANTY TERM

What's the **secret** to the striking look of a Timberline® High Definition® roof?

Timberline® High Definition® shingles are unlike any others, thanks to our patented High Definition® shadow bands (U.S. Patent No. 5,666,776). Each shadow band is applied using a sophisticated, computer-controlled "feathering" technique. When combined with our randomly-blended top layer, it results in a shingle with exceptional depth and dimension—and a **striking look unmatched by any other brand.**

But don't just take our word for it. See for yourself. When you compare Timberline® High Definition® shingles to typical architectural shingles, it's easy to see why they'll look sharper and more beautiful on your roof—while enhancing the resale value of your home.

See the difference...

Timberline® High Definition® Shingles

Another Major Brand

The color blends on Timberline® High Definition® shingles (top) are sharp and well defined—to give your roof maximum dimensionality and depth.

But great performance is only half the story. Choosing Timberline® shingles will not only protect your most valuable asset — they'll beautify your home for years to come. In fact, an independent research firm surveyed homeowners about the brand of architectural shingles they preferred. The result: more homeowners preferred the look of Timberline® shingles to the other leading brands!

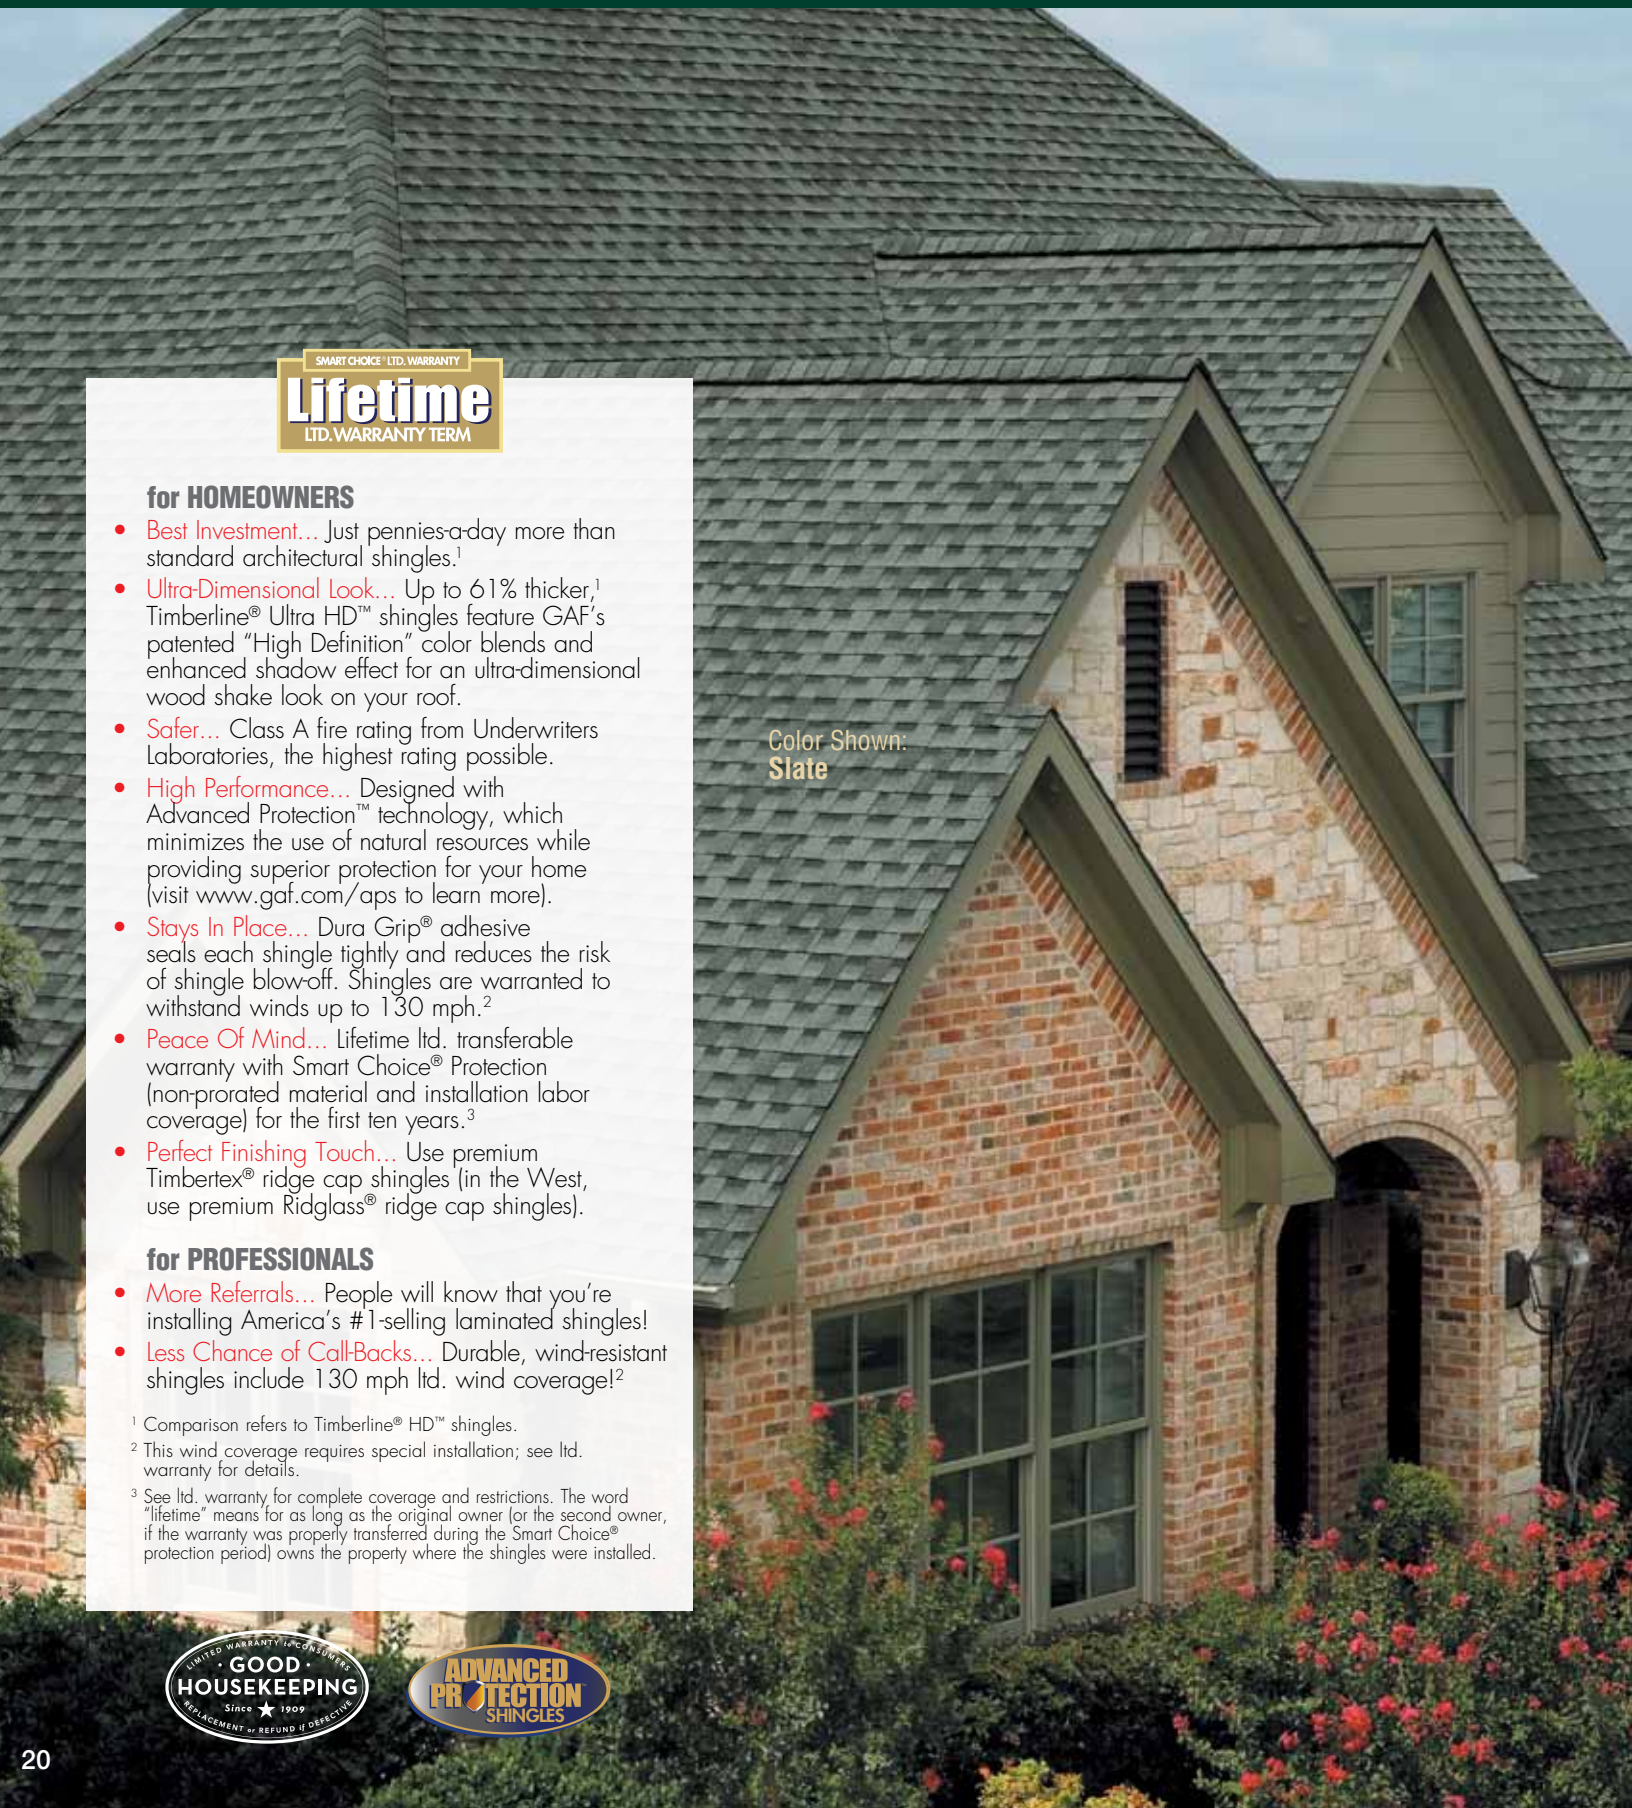

Why settle for anything less?

GAF TIMBERLINE® ULTRA HD™

GAF

TIMBERLINE® COOL SERIES

ENERGY-SAVING SHINGLES

"Revolutionary Energy Savings!"

Now get potential energy and cost savings when you install GAF Timberline® Cool Series Shingles

The revolutionary Cool Series Shingles reflect sunlight to reduce unwanted attic heat build-up—to save energy. They are rated by the Cool Roof Rating Council (CRRC) and are ENERGY STAR® qualified.[1]

- **Lower Cooling Costs...** Some colors may save 7-15% of total cooling costs, depending on geography, season, and property. In warmer climates, cooling-cost savings may be greater year round.[2]
- **Tax Credits...** In some areas, cool roofs qualify for energy tax credits and other incentives, saving you even more money.[3]

Timberline® Cool Series shingles are stocked in Fontana, CA and Shafter, CA, and are special order in other locations.

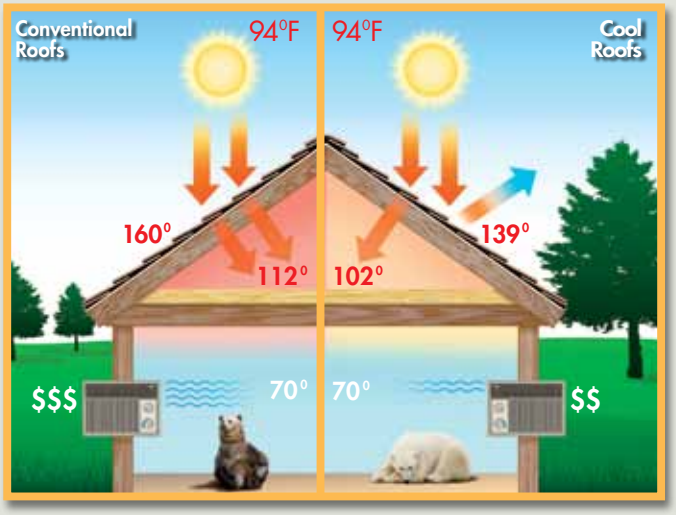

[1] All four Cool Colors meet the prescriptive requirements of California TITLE 24, Part 6 for Cool Steep Slope Roofing.

[2] According to the Cool Roof Rating Council.

[3] Some rebate programs are time limited and change often; for more information, contact your utility, governmental unit, or tax advisor.

Note: Regarding the Lifetime ltd. warranty, the word "lifetime" means for as long as the original owner (or the second owner, if the warranty was properly transferred during the Smart Choice® protection period) owns the property where the shingles were installed. See ltd. warranty for complete coverage and restrictions.

It's sooo cool!†

Thanks to the reflective nature of the Cool Series Shingles, part of the heat radiating from the sun gets reflected, reducing the heat in the attic, and heat going into the house. It may translate into substantial savings in air conditioning bills.

†Results may vary by geography, season and property.

* For the current specifications on TruSlate™, which is genuine slate (not an asphalt shingle), visit www.gaf.com.
1 Periodically tested by independent and internal labs to ensure compliance with ASTM D 3462 at time of manufacture. Test results obtained after sale may vary depending on storage and roof top conditions.
2 All shingles with a Lifetime ltd. warranty also have a 110 mph wind warranty. However, if the shingles are (a) installed with six nails per shingle and (b) installed using GAF starter strip products installed at the eaves and rakes, the wind speed coverage is 130 mph. The word "lifetime" means for as long as the original owner (or the second owner, if the warranty was properly transferred during the Smart Choice® protection period) owns the property where the shingles were installed. See limited warranty for complete coverage and restrictions.

Barkwood, Birchwood, Charcoal, Driftwood, Fox Hollow Gray, Hickory, Hunter Green, Mission Brown, Pewter Gray, Shakewood, Slate, and Weathered Wood

Can Size: 12 oz.
Cans Per Case: 6
Cases Per Pallet: 128

GAF Roof Deck Protection

DECKARMOR™
Premium *Breathable* Roof Deck Protection

- Exceptionally Strong... At least 600% (i.e., 7 times) stronger and about 1/3 the weight of standard #30 felt
- Revolutionary "Breathable" Technology... Helps prevent inside moisture from becoming trapped within your roofing system—and possibly causing mold, mildew, and expensive structural damage
- Premium Construction... Exceptionally durable, non-asphaltic construction will not rot or become brittle (unlike conventional asphaltic felts which can disintegrate over time)
- Saves Labor... Extra wide 54" roll installs up to 50% faster than traditional 36" wide felts
- Long-Lasting Protection... Backed by a 25-year ltd. warranty against manufacturing defects
- Looks Better... Unlike conventional asphaltic felts, Deck-Armor™ resists wrinkling or buckling, so it lets your shingles lay flatter for a better-looking roof
- Versatile... Can withstand UV degradation for 180 days when left exposed

SPECIFICATIONS

- UV-stabilized polypropylene construction
- Meets or exceeds the physical requirements of ASTM D226 and D4869; ICC Evaluation Report ES ESR-2808
- Class A fire rating when used with UL Class A rated roof coverings
- Miami-Dade County and Florida Building Code approved
- Approx: 10 squares/roll; length 222'; width 54"; 37 lbs. /roll (nominal)

Conventional organic felts can absorb moisture, causing severe buckling and wrinkling—and a terrible-looking roof

Deck-Armor™ Premium "Breathable" Roof Deck Protection resists moisture, so it lays flatter for a better-looking roof!

"Out-breathes" the competition!

As measured on Mocon unit @ 23°C and 50% R.H.

Also Available:

SHINGLE-MATE®
Roof Deck Protection

(Available nationwide)

- Fiberglass reinforced, so it lays flatter for a better-looking roof
- UL Classified for use with GAF Class A asphalt shingles
- Florida Building Code Approved
- Meets the physical requirements of ASTM D226 and ASTM D4869
- Approx: 4 squares/roll (432 ft²); length 144'; width 36"; 30 lbs./roll

VERSASHIELD®
FIRE RESISTANT ROOF DECK PROTECTION

(Available nationwide)

- The best protection against fire spread and penetration
- Fiberglass reinforced, so it lays flatter for a better-looking roof
- Will upgrade the UL fire classification of almost any type of roof (refer to UL Certifications Directory for actual assemblies)
- Meets or exceeds ASTM D146, D226 Type II, D828, D4869 Type IV, D6757 Type I or Type II
- 20-year ltd. warranty against manufacturing defects*
- Approx: 3.5 squares/roll (350 gross ft²); length 100'; width 42"; 52.5 lbs./roll

ROOFPRO™
SBS-Modified **All-Purpose Underlayment**

(Available in West only)

- SBS-modified asphalt increases flexibility and provides long-lasting durability; up to 60 days exposure if necessary
- Fiberglass reinforced, so it lays flatter for a better-looking roof
- UL Classified for use with GAF Class A asphalt shingles
- Can be installed under asphalt shingles, tile, or wood roofs**
- Meets or exceeds all physical properties of ASTM D226
- 10-year ltd. warranty against manufacturing defects*
- Approx: 2 squares/roll (216 gross ft²); length 65.8'; width 39.4"

*See ltd. warranty for complete coverage and restrictions. **Do not install under metal roofs

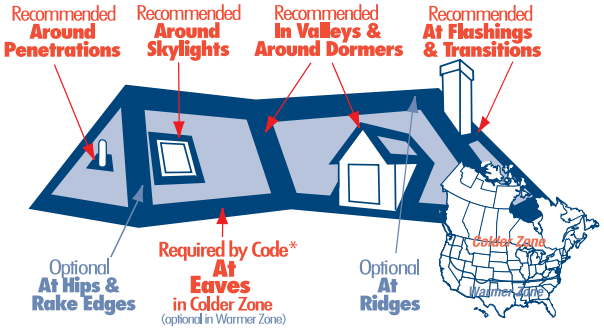

Waterproof Leak Barriers

Self-Adhering Roofing Systems

STORMGUARD®
Film-Surfaced **Leak Barrier**

WEATHERWATCH®
Mineral-Surfaced **Leak Barrier**

"Protect Your Investment And Safeguard Vulnerable Areas"

*Check local building codes for specifications in your area.

- Protect Your Property... Help prevent wind-driven rain from leaking through the roof deck, or melting ice and snow (caused by ice dams in harsh winter climates) from leaking into property's interior
- Add Extra Protection... In valleys and at eave and rake edges—the most leak-prone areas of the roof. Strongly recommended for chronic problem areas like skylights, dormers, vent pipes, chimneys, and other flashing areas
- Won't Leak... Helps ensure a 100% watertight seal
- Avoid Costly Repairs... Due to staining on interior walls and ceilings
- Better Appearance... Fiberglass reinforcement helps resist wrinkling and buckling—lays flatter under shingles
- Save Labor... Split-back release film peels off in sections, for faster installation and superior property owner value
- Peace Of Mind... Benefits from the same warranty term as the shingles they are applied under, up to a maximum of 30 years*

*See ltd. warranty for complete coverage and restrictions

SPECIFICATIONS (NOM.)

Weather Watch®

- Mineral surface & fiberglass reinforced
- UL Classified (see complete marking on product)
- ICC Evaluation Report ESR 1322
- Miami-Dade County approved
- Texas Department of Insurance Appr.
- Available nationwide
- Roll width is 36"
- Available in 1.5 & 2.0 square rolls
- Length of 1.5 square roll is 50'
- Length of 2.0 square roll is 66.8'
- Approx. area of 1.5 square roll is 150 ft²
- Approx. area of 2.0 square roll is 200 ft²

StormGuard®

- Film surface & fiberglass reinforced
- High temperature design acceptable for use under metal roof systems
- UL Classified (see complete marking on product)
- ICC Evaluation Report ESR 1322
- Miami-Dade County approved
- Texas Department of Insurance Appr.
- Available nationwide
- Available in 2.0 square rolls
- Width is 36", length is 66.8'
- Approx. area of 2.0 square roll is 200 ft²

LIBERTY™
SBS **Self-Adhering** Roofing System

- Safer... Self-adhering membrane system eliminates the need for open flames, torches, kettles, or dangerous chemicals
- No Fumes... Unlike conventionally-applied systems, eliminates the fumes and odors caused by hot asphalt or solvent-based adhesives
- Proven Technology... Based on the same technology used in GAF's commercial roofing systems—proven in the field for decades!
- Quicker Installation... Often 1/3 faster than conventional systems, with minimal set-up or clean-up time
- No Extra Tools... No need to stage extra equipment
- Flexible Installation Options
- Great Warranty... Free ltd. warranty against material defects for up to 15 years*
- Extended Guarantee Available... Optional full system guarantee against manufacturing defects and workmanship errors available for up to 20 years
- 7 Popular Colors... To complement your Timberline® Series or other residential shingle roof

Liberty™ Base/Ply Sheet Specifications (nom.)

- Roll length is 66 ft. (20.1 m)
- Roll width is 39.375 in. (1.0 m)
- Roll size is 2 squares, 216 sq. ft. (20.1 m²)
- FM Approved, UL Classified

Liberty™ Cap Sheet Specifications (nom.)

- Roll length is 34 ft. (10.4 m)
- Roll width is 39.375 in. (1.0 m)
- Roll size is 1 square, 112 sq. ft. (10.4 m²)
- FM Approved, UL Classified, ICC-ES Evaluation Report pending

Liberty™ MA Nailed Base Sheet Specifications (nom.)

- Roll length is 66 ft. (20.1 m)
- Roll width is 39.375 in. (1.0 m)
- Roll size is 2 squares, 216 sq. ft. (20.1 m²)
- FM Approved, UL Classified

*See ltd. warranty for complete coverage and restrictions.

Please Note: These blended colors are designed to complement your shingles, not to be an exact match. Because of the small size of these samples, it is difficult to reproduce the actual color effect. Please be sure to see a full-size roll before making a final color selection.

GAF

Cobra® Attic Ventilation

GOOD HOUSEKEEPING

Choose From The Industry's Most Comprehensive Line Of Ridge Vents!

Cobra® Ridge Vents...

- Provide superior attic ventilation when properly installed with eave or soffit vents
- Work along the length of the roof's ridge to minimize temperature and equalize pressure inside the attic
- Allow a flow-through of fresh air to reduce damaging heat and moisture
- Pass the 110 mph wind-driven rain test*
- Feature a 40-year ltd. warranty, backed by GAF (see ltd. warranty for complete coverage and restrictions)
- Carry a UL Class C fire rating, except Cobra Exhaust Vent For Roof Ridge, which has a UL Class A rating
- Meet ASTM D1929
- Include the EasyTear™ Sizing System, which allows you to hand-tear the vents in regular increments (except Cobra Exhaust Vent For Roof Ridge)

Property Owner's Best Choice...

- **Lets The Beauty Of Your Home Stand Out...** Low profile design keeps Cobra® ridge vents virtually invisible when installed—to maintain an "uncluttered" look on your roof
- **Superior Construction...** All rigid style Cobra® vents are made with UV stable, high-impact co-polymers; Cobra® roll style vent is made from UV stable, polyester composite
- **Insect Guard...** Helps prevent problems with insect, bird, and animal infestation
- **Energy Efficient...** May even help to reduce utility usage
- **SnowGuard™...** Helps resist snow infiltration in harsh winter climates (Cobra® Snow Country™ and Cobra® Snow Country Advanced™ exhaust vents only)
- **Cap Shingle Compatible...** Options available for 12", metric, and 10" width ridge cap shingles.

*NOTE: All wind testing performed under controlled laboratory conditions

Cobra® Exhaust Vent for Roof Ridge

(Roll style vent, available in all climates)

- Florida Building Code
- Available in 8.0" or 10.5" widths & 20' or 50' lengths
- Net free ventilating area is 16.9 in² (hand nail version) and 14.1 in² (nail gun version) per linear foot
- ICC Evaluation Report ES ESR-1265
- Texas Dept. of Insurance product evaluation RV-19

MIAMI-DADE COUNTY APPROVED

Cobra® RIGIDVENT2™ Exhaust Vent for Roof Ridge

(Rigid style vent, available in warmer climates)

- Texas Department of Insurance—product evaluation RV-29
- ICC Evaluation Report ES ESR-1265
- Florida Building Code
- Net free ventilating area is 18.0 in² per linear foot

MIAMI-DADE COUNTY APPROVED

Cobra® SNOWCOUNTRY™ Exhaust Vent for Roof Ridge

(Rigid style vent, available in colder climates)

- Texas Department of Insurance—product evaluation RV-29
- ICC Evaluation Report ES ESR-1265
- Florida Building Code
- Net free ventilating area is 18.0 in² per linear foot

MIAMI-DADE COUNTY APPROVED

Cobra® RIDGERUNNER™ Exhaust Vent for Roof Ridge

(Rigid roll style vent, available in all climates)

- Texas Department of Insurance—product evaluation RV-29
- Fully nail-gunnable, coil nails included
- Weather Fighter™ filter resists weather infiltration
- Net free ventilating area is 12.5 in² per linear foot
- Florida Building Code
- ICC Evaluation Report ES ESR-1265

MIAMI-DADE COUNTY APPROVED

Cobra® RIGIDVENT3™ Exhaust Vent for Roof Ridge

(Premium rigid style vent, available in warmer climates)

- Texas Department of Insurance—product evaluation RV-29
- ICC Evaluation Report ES ESR-1265
- Florida Building Code
- Net free ventilating area is18.0 in² per linear foot
- 9" and 11.5" widths

MIAMI-DADE COUNTY APPROVED

Cobra® SNOWCOUNTRY™ ADVANCED Exhaust Vent for Roof Ridge

(Premium rigid style vent, available in colder climates)

- Texas Department of Insurance—product evaluation RV-29
- ICC Evaluation Report ES ESR-1265
- Florida Building Code
- Net free ventilating area is 18.0 in² per linear foot
- 9" and 11.5" widths

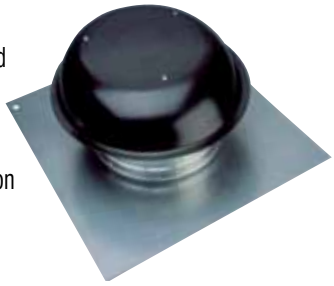

MIAMI-DADE COUNTY APPROVED

Master Flow® Ventilation Products

Power Vents

MIAMI-DADE COUNTY APPROVED

Investing in a Master Flow® roof mount power vent increases the overall comfort of your home, helps reduce the cost of air conditioning and wear on the system, minimizes heat/moisture damage to roof and attic, and helps fight mold and mildew. Master Flow® power ventilators feature:

- UL Listed and Miami-Dade County approved (select models)
- Large flashing for easy installation
- Automatic thermostat, available with humidistat/thermostat control as an option
- Built-in thermal protection for safety

Whole House Fans

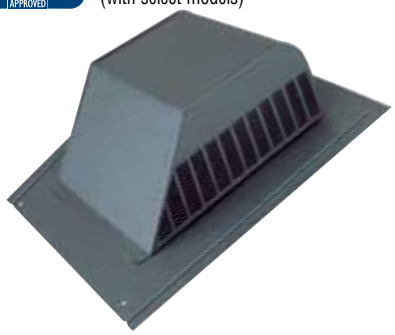

Master Flow® whole house fans help the property owner beat the heat and reduce air conditioning costs by forcing out hot air and bringing in cooler outside air.

- UL listed
- Ceiling shutter included
- Backed with 5- or 10-year ltd. warranties**

Roof Louvers

MIAMI-DADE COUNTY APPROVED (with select models)

The Master Flow® line offers one of the broadest assortments of "energy free" products in the industry. Roof louvers, wall louvers, ridge vents, chimney caps, foundation vents, undereave vents, and roof jacks, all in a large assortment of materials and colors, to meet every need.

Turbines

MIAMI-DADE COUNTY APPROVED

The Master Flow® line offers the finest "energy free" attic ventilators. Dual bearing turbines are:

- Backed by a ltd. lifetime warranty**
- Internally or externally braced; 12" and 14" sizes
- Available in a large assortment of colors
- Miami-Dade County approved without storm caps! (select models)

**See ltd. warranty for complete coverage and restrictions.

Solar Powered Vents

The ultimate in energy-saving power vents, Master Flow® solar power vents use the sun's energy to remove damaging heat and moisture from your attic.

- Equipped with a brushless motor that requires no maintenance
- Available as 100% solar powered or dual solar/AC powered
- 100% solar powered unit requires no electrical wiring or electricians
- Dual powered unit runs at night or when the sun is not out; requires 80% less electricity than conventional power vents (when running on house power)
- 500 CFM Max (Solar); 750 CFM Max (AC power)
- Fully adjustable solar panel for optimal solar exposure
- Backed by a 5-year ltd. warranty with 2-year labor plus protection (see ltd. warranty for complete coverage and restrictions)
- Miami-Dade County approved (select models)

Usage Recommendations

Total Attic Square Footage	Recommended # of Solar Roof Exhaust Vents	Minimum Intake Ventilation (Net Free Area in Sq. In.)
1600	2	480
2400	3	720
3200	4	960

Cobra® FASCIAFLOW

Premium *Intake* Ventilation

Today's Solution To A 100 Year-Old Problem!

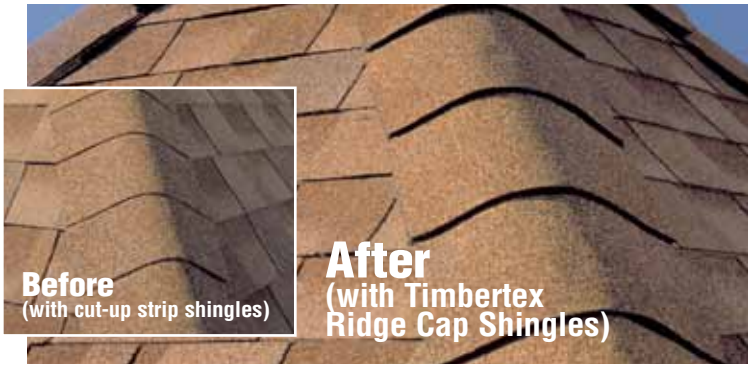

- Makes it easy to install intake ventilation on tough-to-vent homes by replacing existing fascia board
- Allows cool air to enter the attic space, driving warm and moist air out of the attic's exhaust vents
- Boosts the performance of existing soffit/undereave vents
- Designed with PVC for years of maintenance-free performance
- Backed by a 40-year ltd. warranty (see ltd. warranty for complete coverage and restrictions)

Product Specifications
Size: 12' x 6" x 1.25"
NFA: 9 In² per Lineal Ft.
Construction: PVC

Ridge Cap Shingles

TIMBERTEX®
Premium Ridge Cap Shingles

Available nationwide (Check color availability with the nearest GAF sales office)

for PROPERTY OWNERS

- **Perfect Finishing Touch…** Triple-thick design with massive 8" exposure is 195% thicker than strip shingles for a distinctive, upscale look
- **The Right Colors…** Designed to complement the color of your roof's shingles
- **Stays In Place…** Dura Grip® self-seal adhesive seals each piece tightly and reduces the risk of shingle blow-off
- **StainGuard Ltd. Warranty…** Helps assure the beauty of your roof against unsightly blue-green algae*
- **Peace Of Mind…** Covered by a ltd. warranty against manufacturing defects*

for PROFESSIONALS

- **Versatile…** 12" wide design fits over most ridge vents.
- **Easier To Install…** Pre-scored design with large 8" exposure means no cutting or folding on the roof—and fewer pieces to install
- **Highest Quality…** Made with special, polymer-modified asphalt, so layers are sturdy and strong, yet bend easily to hug the ridge line

Specifications

- Fiberglass asphalt design
- Available in 12" width
- 8" exposure
- UL 790 Class A fire rated
- Meets ASTM D3161 Class F; ASTM D3018 Type I; and ASTM D3462**
- Miami-Dade County approved
- CSA 123.5 98
- Florida Building Code approved
- 150 pieces per 100 linear ft. / 5 bundles per 100 linear ft.
- Approx. 2 nails per piece

RIDGLASS®
Premium Ridge Cap Shingles

(Available only in the Western area)

for PROPERTY OWNERS

- **Incredible Appearance…** Unique, ultra-high profile design is 382% thicker than strip shingles—to enhance the natural beauty of your home by sharply framing the roof line
- **Special Design…** Created for the unique architectural style of homes in the western U.S.
- **The Right Colors…** Designed to complement the color of your roof's shingles
- **Stays In Place…** Dura Grip® self-seal adhesive seals each piece tightly and reduces the risk of shingle blow-off
- **Peace Of Mind…** Covered by a ltd. warranty against manufacturing defects*

for PROFESSIONALS

- **Ready To Install…** Patented, pre-folded design with 8" exposure means no costly cutting or folding on the roof
- **Saves Time…** Fewer pieces to apply allows you to offer greater customer value
- **Highest Quality…** Special SBS polymer-modified asphalt helps prevent cracking and peeling during installation

Specifications

- Fiberglass asphalt design
- Available in 8",10", & 12" widths
- 8" exposure
- Meets ASTM D3161 Class A; ASTM D3018 Type I; and ASTM D3462**
- UL 790 Class A fire rated
- CSA 123.5 98
- Florida Building Code approved
- ICC ES ESR-1475
- Miami-Dade County approved
- 48 (8" & 10") pcs./box (one box covers 31 linear ft. of finished hip & ridge) 3.2 boxes cover approx. 100 linear ft.
- 36 (12") pcs./box (one box covers 22.5 linear ft. of finished hip & ridge) 4.4 boxes cover approx. 100 linear ft.
- Approx. 2 nails per piece

Also Available (not shown):

- Sequoia®/Canyon™ ridge cap shingles
- Vented RidgeCrest™ ridge cap shingles (Western area)
- Seal-A-Ridge® ArmorShield™ ridge cap shingles

*See ltd. warranty for complete coverage and restrictions.

**Periodically tested by independent and internal labs to ensure compliance with ASTM D3462 at time of manufacture. Test results obtained after sale may vary depending on storage and roof top conditions.

Eave/Rake **Starter Strips**

SEAL-A-RIDGE®
Ridge Cap Shingles

(Available only in Eastern, Southern, and Central areas)

Specifications

(Tuscaloosa, AL Plant)
- Fiberglass asphalt design
- 6 2/3" exposure
- Approx. 12" wide
- UL 790 Class A fire rated
- Miami-Dade County approved
- Florida Building Code approved
- Meets ASTM D3462**
- ICC ES ESR-1475
- 4 bundles cover approx. 100 linear feet
- Approx. 2 nails per piece
- Covered by a ltd. warranty against manufacturing defects*

(Fontana, CA Plant)
- Fiberglass asphalt design
- 5 5/8" exposure
- Approx. 10" wide
- UL 790 Class A fire rated
- Florida Building Code approved
- Meets ASTM D3462**
- ICC ES ESR-1475
- 3 bundles cover approx. 100 linear feet
- Approx. 2 nails per piece
- Covered by a ltd. warranty against manufacturing defects*

Z® RIDGE
Ridge Cap Shingles

(Available only in the Southwestern and Western areas)

Specifications

- Fiberglass asphalt design
- 5 5/8" Exposure
- Approx. 10" wide
- UL 790 Class A fire rated
- Meets ASTM D3018 Type I, ASTM D3161 Class A, and ASTM D3462**
- ICC ES ER 1475
- 3 bundles cover approximately 100 linear feet
- Covered by a ltd. warranty against manufacturing defects*

*See ltd. warranty for complete coverage and restrictions.

**Periodically tested by independent and internal labs to ensure compliance with ASTM D3462 at time of manufacture. Test results obtained after sale may vary depending on storage and roof top conditions.

- **Save Labor…**Provides a cost-effective alternative to using cut-up shingles as your starter strip
- **Help Prevent Blow-Offs…**Includes a high-quality, properly positioned factory-applied adhesive that will tightly lock your shingles in place
- **Easy To Install…**Pre-scored, no cutting needed
- **Maximum Wind Warranties…**Requires starter on rake and eaves

WEATHERBLOCKER™
PREMIUM EAVE/RAKE **STARTER STRIP**

(Use with all shingles. 17"x40" or splits to 8.5"x40") Available Nationally

PRO-START™
STARTER STRIP SHINGLE

(Use with most standard English and metric-sized shingles. 13"x38" or splits to 6.5"x38")

- Meets ASTM D3462**
- UL 790 Class A fire rated
- Available Nationally

Fiber Cement **Siding**

WeatherSide™
FIBER-CEMENT SIDING

"The One And Only Solution For Repairing Asbestos Siding"

- **Perfect Design…**Virtually identical in size and shape to millions of old non-existent asbestos siding shingles installed over the last 60 years
- **Avoid Hassles & Expenses…**Great for repairing or matching damaged asbestos siding shingles without the expense of new siding for the whole house
- **Safe…**Unlike the siding it replaces, WeatherSide™ siding contains NO asbestos
- **Pre-Primed…**Ready to be painted to match the existing wall color

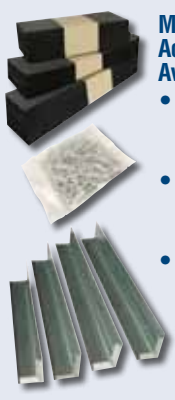

Purity™ Shingle
- Textured surface with Straight, Wavy or Thatched edge
- Size: 12"x24"

Profile Shingle
- Striated surface with Straight edge
- Sizes: 9"x32", 12"x24" or 14 5/8"x32"

Emphasis™ Shingle
- Extra-thick Wood Grain surface with Thatched edge
- Size: 14 5/8" x 25 5/32"

Matching Accessories Available…
- Siding Backer Strips (9", 12" and 14")
- Hot-dipped galvanized Siding Nails
- Pre-Primed Individual Corners (9", 12", 14" and Emphasis™ Corners)

Smart Choice®

WEATHER STOPPER® SYSTEM

Quality You Can Trust...From North America's Largest Roofing Manufacturer!™

www.gaf.com

LEAK BARRIER

Weather Watch® and **StormGuard®** provide exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North*).

DISTINCTIVE RIDGE CAP SHINGLES

Similar to the way that a distinctive frame enhances a painting, **Timbertex®** and **Ridglass®** can enhance the beauty and value of your home–while guarding against leaks at the hips and ridges.

EFFECTIVE ATTIC VENTILATION

Cobra® and **Master Flow®** vents help remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wallpaper, and even affect your health.

ADVANCED PROTECTION SHINGLES

ADVANCED PROTECTION™ SHINGLES

GAF offers you many great choices, including **Timberline®** shingles with Advanced Protection™ Technology. They're the #1-selling shingles in North America!

Advanced Protection™ Technology results in superior protection for your home, while reducing the use of precious natural resources. That's better for your home—and better for the environment!

To learn more about why Advanced Protection™ shingles are your best choice, visit **www.gaf.com/aps.**

*In the North, building code requires the use of Leak Barrier at the eaves.

The GAF Smart Choice® Weather Stopper® Roofing System has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy.)

ACCESSORY PAINT

ShingleMatch™ premium roof accessory paint is a great option to help you "hide" unsightly roof accessories by making them blend in with the color of your shingles... for a better-looking finished roof.

ROOF DECK PROTECTION

"Breathable" **Deck-Armor™** allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. It also lays flatter for a better-looking roof. **Shingle-Mate®** also provides great protection for your roof.

PRE-CUT STARTER STRIP SHINGLES

WeatherBlocker™ or **Pro-Start™** are a great upgrade option for rakes and eaves. They save time, eliminate waste, and reduce the risk of blow-off...and may even help qualify for upgraded wind warranty coverage (see ltd. warranties for details).

RELIABLE LOW-SLOPE SYSTEMS

Liberty™ and **Freedom™** commercial-grade self-adhering roofing systems are exceptionally dependable! They're safer too, because no open torches or hot asphalt are used.

GAF is a U.S.-Based Corporation
